

Dr. ANTONINA PIAZZA - CURRICULUM VITAE

Name: ANTONINA PIAZZA
Address: Regional Transplant Center, Lazio – National Council of Researches, Institute of Translational Pharmacology Unit of Rome.
c/o S. Camillo Hospital
C.ne Gianicolense, 87
00152 Roma, Italy
Telephone: +39 06.58704344
Fax : +39 06 58704360
E-mail: antonina.piazza@cnr.it
Date of birth: July 20, 1951
Nationality: Italian

EDUCATION

1977-1978 Practical Training in “Nephrology and Haemodialysis”
at Policlinico Umberto I Hospital, Rome
1977 Qualifying examination for the profession of Medical Doctor
1977 Degree in Medicine and Surgery (110/110 with honours)
Thesis on “HLA and Crohn disease”, “La Sapienza” University of Rome,
Italy

PROFESSIONAL EXPERIENCE

Dec. 2014-present **Director of Laboratory** of Tissue Typing and Transplant Immunology –
Regional Transplant Center, Lazio.
Dec. 2000-2014 **Co-Director of Laboratory** of Tissue Typing and Transplant Immunology –
Regional Transplant Center, Lazio.
Oct. 2014-present **Member of the Expert Committee of “Consulta”** – National Transplant
Center (CNT)
March 2008-present **Head of UOS (operational unit of the hospital)** “Laboratory of Tissue
Typing and Transplant Immunology – Regional Transplant Center, Lazio.
Dec. 2008-present **EFI Inspector** for Accreditation of European Tissue Typing Laboratories.
Dec. 2006-present **Member of Commission for Proficiency Testing on Immunogenetic** -
National Transplant Center (CNT).
Dec. 2001-present **Chief Researcher at CNR Institute** “Translational Pharmacology – UOS of
Rome S. Camillo”
1982-2001 **Researcher at CNR Institute** “Tissue Typing and Dialysis”, Unit of Rome
1977-1982 Trainee at “Regional Center of Immunohematology and Tissue Typing
ULSS N° 6”, L’Aquila, Italy
1977-1978 Consultant at Haemodialysis Center of “Renato Capotondi Calabresi”
Hospital, Viterbo, Italy
1976-1977 Fellow at “Regional Center of Immunohematology and Tissue Typing
ULSS N°6”, L’Aquila, Italy
1973-1977 Fellow at “Department of Surgery”,
“La Sapienza” University of Rome, Italy

TECHING ACTIVITY

- 2012-present **Teacher of Transplant Immunology at Post graduate Course on Clinical Pathology**, “Tor Vergata” University of Rome, Italy.
- 2005-present **Teacher of Transplant Immunology at Master on “Transplantation”**, Catholic University of Rome.
- 2015 Summer School AIBT (Italian Association of Immunogenetics and Transplant Biology), June 4-6 2015, Favignana (TR) Italy. Lesson on “Rejection and Tolerance in Organ Transplantation”.
- 2014 Winter School AIBT (Italian Association of Immunogenetics and Transplant Biology), December 11-13 2014, L’Aquila Italy. Lesson on “HLA antibodies (IgG and IgM), C1q-positive antibodies and non-HLA antibodies (anti-AT1R) in organ transplantation”.
- 2013 Winter School AIBT (Italian Association of Immunogenetics and Transplant Biology), December 4-7 2013, Ravascletto (UD), Italy. Lesson on “HLA e non-HLA antibodies in organ transplantation”.
- 2012 Winter School AIBT, December 2-5 2012, Ravascletto (UD), Italy. Lesson on “Crossmatch in organ transplantation”.
- 2012 Course of the National Academy of Medicine “Grandangolo nel Trapianto di Organi solidi”, Lesson: “The dogma of crossmatch”. June 14-15, Rome, Italy.
- 2011 Course of the National Academy of Medicine “Grandangolo nel Trapianto di Organi Solidi, Lesson: “The dogma of crossmatch”. June 8-10, Rome, Italy
- 2011 Winter School of AIBT, December 15-17, Monte Zoncolan (Udine), Italy. Lesson on “Characterization of anti-HLA antibodies by solid phase assays: FlowPRA e LABScreen Beads”.
- 2010 Theoretical and Practical Course of AIBT- “The laboratory of Immunogenetic in transplantation and autoimmune diseases”. October 28-29, L’Aquila, Italy. Lesson: “Anti-HLA-DQ, -DP, -C and anti-MICA antibodies in renal Transplantation”
- 2006 20th Immunogenetics and Histocompatibility Conference. Jun 8-11, Oslo, Norway. Workshop: “Pre-transplant analysis of HLA Antibodies by flow cytometry: Technical and Clinical Aspects”.
- 2006 Theoretical and Practical Course of AIBT. Nov 20-21 Milan, Italy
- 2005 Workshop A.I.B.T. - “Flow cytometry: from theoretical bases to application in Immunogenetic”. October 22, Palermo, Italy. Lesson: “Flow cytometry analysis of HLA antibodies”
- 2005 Practical Course on ”Histocompatibility testing”. October 7-8, L’Aquila, Italy Lesson: “Cytofluorimetric techniques in histocompatibility “
- 2004 Workshop A.I.B.T.- “Flow cytometry: from theoretical bases to application in Immunogenetic”. June 8-9, Milan, Italy. Lesson : “Cytofluorimetric techniques”
- 2004 Workshop on ”Histocompatibility testing”. October 14-15, Ascoli Piceno, Italy. Lesson: “Serological, genomic and cytofluorimetric techniques in histocompatibility
- 2004 Workshop A.I.B.T. “Flow cytometry: from theoretical bases to application in Immunogenetic”. November 18-20, Palermo, Italy. Lesson: “Antibodies study in Flow Cytometry”
- 2004 Workshop A.I.B.T. “Flow cytometry: from theoretical bases to application in immunogenetics”. November 23-24, Milan, Italy Lesson: “Application of cytofluorimetric techniques in histocompatibility “

- 2003 Practical Course on “Kidney transplantation: from immunology to clinic”
November 26-28, Rome, Italy.
- 2002 Workshop “Use of FlowPRA in anti-HLA antibodies research”
October 3-4, Rome, Italy. Lesson: “Theoretical and practical lessons on FlowPRA
Screening and Specific Technology.
- 1999 – 2010 **Teacher of Clinical Immunology at Post-graduate Course on
Nephrology**, “Tor Vergata” University of Rome.
- 1998 Refresher Course on “E.F.I. Accreditation of Tissue Typing Laboratory.
July 2-4, Matera, Italy. Lesson: Antibody Screening by CDC, Flow
Cytometry, ELISA. Flow cytometric crossmatch.
- 1998 Practical Course on “Radioguided Surgery for Sentinel Lymph node
identification. Rome, Italy. Lesson: Flow cytometric analysis of sentinel
lymph node.
- 1997 Workshop A.I.B.T. – EFI Accreditation. January 24, Genova, Italy
Lesson: Standard for Histocompatibility testing - Flow cytometry
- 1997 Workshop A.I.B.T. – EFI Accreditation. January 31, Genova, Italy
Lesson: Standard for Histocompatibility testing - Antibody Screening,
Crossmatch
- 1990 Practical teacher of “Flow cytometric crossmatch” at “Transplantation 92”,
Update International Course, CNR Institute “Tissue Typing and Dialysis”,
L’Aquila
- 1990 Practical teacher of “Flow cytometry for transplantation” at “Transplantation
90”. Update International Course, CNR Institute “Tissue Typing and
Dialysis”. L’Aquila
- 1988 Advanced Course on “Immunological Techniques applied to Paediatrics”
Medical School, Tor Vergata University of Rome. November 30-December 2
Lesson: Flow Cytometry.
- 1985 Practical teacher at 5th European Course on Histocompatibility. Dissection of
HLA: relationship with Diseases”, assigned by Council of Europe to CNR
Institute “Tissue Typing and Dialysis” of L’Aquila and to Clinica Chirurgica,
Department of Surgery, Tor Vergata University of Rome.

Main fields of scientific/clinical interest

- Histocompatibility
- Humoral Immune Response to organ transplantation
- Clinical Transplantation
- Flow cytometric techniques applied to transplantation studies.

Scientific activities

Author or co-author of more than 70 papers on journals with international and national editorial board.

MEMBERSHIPS

- 2014-present Italian Society of Organ Transplantation (SITO)
- 2003-present Italian Association of Immunogenetics and Transplantation (AIBT)
- 1992-present European Federation for Immunogenetics (EFI)
- 1985-2010 Italian Society Organ Transplantation (SITO)
